

Dear HR Manager,  
**Goldman Sachs India**

I am writing to express my strong interest in the **Goldman Sachs Summer Internship Program 2025**.

I am a third year IT engineering student with Honors in Devops. Currently, apart from honing my skills in backend technologies like Python-Flask and Node.js, I have also developed expertise in AI/ML technologies through self-learning, I have completed a part-time internship at **Rubix Data Sciences Private Limited** as a Data Analyst intern and I am currently pursuing an internship at **Datamatics** as an AI/ML intern.

I have a passion for backend development and AI/ML technology and keen to work on developing intelligent decision making systems.

I am excited to be a part of your organization, where I would learn from professionals and experts in the field of software development and gain real world experience to drive innovation.

Your's sincerely,

**Surabhi Kaustubh Waingankar.**
